OG

-----

The Screwshaft Survey became due on this vessel  
at the end of last month.

In reply to enquiry regarding another of their  
vessels, the Owners wrote in May, 1934 as follows:-

"Please note it is not necessary for your survey to  
our vessels after the first twelve months from the  
Builders."

The Classing Committee had the case before them on  
Friday the 13th instant, when they decided to give instructions  
for the vessel's character to be withdrawn from the Register  
Book and three dots (...) inserted in lieu thereof, indicating  
withdrawal of class at Owners' request.
