The Boiler Survey of this trawler became due
November last, but the Boulogne Surveyor now states he is
informed by the Owners that as all their other trawlers are
classified with the Bureau Veritas, they have decided to transfer
this vessel to that classification.

In the circumstances the Classing Committee, who
considered the case before them on Friday, 25th instant, decided to give
instructions for the vessel's character to be withdrawn from the
Society's Register Book and three dots (...) inserted in lieu
of proof, indicating withdrawal of class at Owners' request.
