OWNERS: Anglo-Algerian Coaling Company

These barges have recently been sold to new Owners in Algeria and have arrived at Oran. In reply to enquiry, the Owners state it is not their intention to maintain the classes in the Society's Register Book, and in the circumstances the Classing Committee, who had the cases before them on Tuesday, 30th ultimo, decided to give instructions for the character of each vessel to be withdrawn from the Register Book and three dots (...) inserted in lieu thereof, indicating withdrawal of class at Owners' request.
