Please address  
all communications  
on this subject to  
THE SECRETARY  
and quote the following  
initial.

M.

2 ENCLOSURES.

9th July, 1918.

Dear Sirs,

I send herewith for your information and guidance a copy of the 28-day crushing test results on concrete (cast 31.5.18) and proposed to be used in the 1,000-ton Coaling Hulks for the Admiralty building by Messrs. Christiani & Nielsen.

A copy of the percolation test results carried out on the same concrete is also enclosed herewith.

You will note that the 1:1:2 mixture has given satisfactory 7 and 28-day crushing results, and the percolation results are also considered to be satisfactory. This concrete will, therefore, be approved for use in the above vessels, provided the constituent parts are to your satisfaction.

I am, dear Sirs,

Yours faithfully,

*R. Mayne*  
Assistant to the Secretary.

The Surveyors,  
LONDON.
