

Do. of Houses on Deck 264.06
Feb 1905 13.82
(with the normal round up of beam)
Riv 58263 'St George'

Steel Turbine Channel Steamer No.665, building by
Messrs.Carmell, Laird & Co., at Birkenhead for the Fishguard
& Rosslare & Harbours Co., with a view to class A1, "Irish
Channel Service".

Rule Dimensions : 348.25 x 41 x 18.27

Equipment number : 31976

It is desired by the Builders to supply the
equipment of this vessel in accordance with the next
lower grade of Table 22 of the Rules, and a similar proposal
was approved in the case of two sister vessels building by
Messrs.John Brown & Co.Lim., upon the understanding
that the Owners desire the same.

It is submitted the proposed equipmnt might be
approved in this instance as in the sister vessels
building on the Clyde for the same Owners and for
the same service.
