12th January 1909

LLOYDS REGISTER,
LONDON.

REC^d 13 JAN 1909

ANS^d

S. S. WERRIBEE

The Secretary
Sir

With reference to your letter of 14th ult.
re. the first entry machinery survey in the case
of the above vessel, I have to inform you
that the spare feed & bilge pump valves
have been examined on board. The last date
for the examination of the sea connections
is 12th Jan. 1909, when they were examined
in dry dock. The Report on the Electric Light
Installation will follow in the course of a
few days.

I am Sir

Your obedient servant
G. A. Dryden Esq.
