OWNERS: T.Baskcomb, Ltd. (T.W.Baskcomb, Manager)

These drifters became due for Screw Shaft Survey in November last, but the Grimsby Surveyors now state they are informed by the Owners that it is not their practice to maintain their smaller vessels in the Society's Classification and they wish to withdraw these two drifters from class.

In the circumstances the Classing Committee, who had the cases before them on Friday, 18th instant, decided to give instructions for the character of each vessel to be withdrawn from the Register Book and three dots (...) inserted in lieu thereof, indicating withdrawal of class at Owners' request.

24th January, 1924.
