26th. October, 1906.

Gentlemen,

E. With reference to the case of the new S.S. "MARION" recently built at Goole by The Goole Shipbuilding Co., I have to request that you will be good enough to state, for the information of the Committee in dealing with the case, whether the blow off cocks are fitted with a spigot and brass cover plate, and at the same time give the dates of your examination of fitting of sea connections, stern tube, screw shaft and propeller as it is stated on the Newcastle First Entry report on the machinery of this vessel that all these items were fitted at Goole.

I am, Gentlemen,

Your obedient Servant,

Secretary.

The Surveyors,

H U L L.
