

06. 11  
S. S. "MARIE REPPEL"

---

In view of the desire of the British Authorities that the German Steamers being dealt with by the Reparations Committee should be classed with this Society, it is submitted that as the Steamer is now under Survey at Hull, they should be requested to state if they desire this Society to carry out a Survey on hull and machinery with a view to classification with this Society.

It is understood that the vessel has been built to plans which were approved by this Society before the War.
