The First Special Survey No.3 became due in April last year, but the vessel has now been sold to Japanese Owners, who state that as she is to be engaged in Coastal Service only, they do not wish to maintain her in the Society's Classification.

In the circumstances the Classing Committee, who had the case before them on Tuesday, 15th instant, decided to give instructions for the vessel's character to be withdrawn from the Society's Register Book and three dots (...) inserted in lieu thereof, indicating withdrawal of class at Owners' request.
