Enclosures.

12th February, 1919.

Dear Sir,

With reference to the entry contained in your Return of Vessels under survey dated 3rd ultimo respecting the Wood Auxiliary Schooner "ALOSNO", I have to acquaint you that in June last a report on this vessel was received from the Society's Surveyors at Bilbao, from which it appeared that she had been built in accordance with the approved plans, and was eligible to be classed \*LOA- in the Society's Register Book. Action in regard to the case was deferred however, awaiting information regarding the motors which had been fitted in the vessel.

I enclose for your information copies of letters which have passed between this Office and the Society's Surveyors at Bilbao respecting this matter, and shall be glad to receive your report on the vessel as soon as possible.

I am, Dear Sir,  
Yours faithfully,

Secretary.

N.V. Kirkley Esq.,

CADIZ.
