ANSO

ference

Dear Sir.

I enclose First Entry Report No 1 on the s.s.
Député René Ruelle built by the Chantiers Navals Français,
which I trust will be found in order.

The anchors and cable certificates were mislaid
by the Builders until a few days ago, and have since
been forwarded to the Surveyors House who have the
vessel in hand for damage repairs.

The Builders have not yet received the Tonnages
from the French Authorities.

I am, Sir,

Yours faithfully,

The Secretary.
