## Lloyd's Register of Shipping,

71, Fenchurch Street, E.C. 3.

12th April, 1921.

Dear Sirs,

With reference to your report No.4603 on the machinery of the S.S. "DEPUTE RENE REILLE", I have to acquaint you that the report on the boilers of this vessel does not appear to have been completed and returned with the first entry reports.

It is understood that the boilers fitted on this vessel are Messrs. Kincaid & Co's No.83 (test certificates Nos. 1444 and 1445), the report and plan of which were sent to the Society's Surveyor at Caen on the 10th May, 1920, and I shall be glad if you will complete the report and forward the same to this Office without delay.

I am, Dear Sirs,

Yours faithfully,

The Surveyors,

HAVRE.

Secretary.
