28th December, 1922.

Dear Sirs,

Fire and Salvage Tug "MERRYWEATHER"  
for Rangoon Harbour Board.

A.

With reference to my letter of the 22nd instant, respecting the issue of final certificates for the above vessel, I have now the pleasure to inform you that it has been decided to furnish you with special certificates, certifying to the satisfactory completion of the hull, engines and boiler, made out in your name.

I have, however, to say that these Certificates will not be issued in lieu of the ordinary Classification Certificates, but in addition to them, and as already intimated to you over the telephone the names of the actual builders of the vessel and propelling machinery will appear on the Classification Certificates and also in the Society's Register Book.

On receipt, therefore, of your remittance in settlement of the account which has already been rendered for the fees and expenses in connexion with the survey of the hull and machinery of the vessel during construction I shall have pleasure in at once forwarding you the Certificates referred to, which I hope will meet your requirements in the matter.

I am, Dear Sirs,  
Yours faithfully,

Assistant to the Secretary.
