By your letter of the 12th you inform me that you are going to expunge the class of my trawler "NEPTUNE" ex "Annibal" ex "Scomber". This vessel was supplied to me by the Navy and classed with Veritas. I did not wish to change the classification society and the record of that kind in your Register would better reproduce the reality than to strike her out pure and simply.

My "GOELAND" will continue to be classed with Lloyd's.
