The Special Annual Survey of the Boilers became
due in April, 1919, and the Special Survey No.3 in March, 1921.

The vessel belonged to the French Government
and was laid up for sale, the usual undertaking having been given.

She has now been sold, and the new Owner has
decided to class the vessel with the Bureau Veritas, and it is
not proposed to retain the Society's Classification.

In the circumstances the Classing Committee who
had the case before them on Tuesday, the 11th October, decided to
expunge the class with a red line (10.21.), indicating non-compliance
with the Society's Rules, and the Owner has been informed accordingly.
