23rd April, 1920.

Dear Sirs,

I am in receipt of your letter of the 17th instant respecting the Boiler Survey of the Steam Trawler "ANNIBAL" and in reply I have to say that in the circumstances, the Committee - who have had the case before them at their meeting to-day - have deferred consideration of the same for a short time.

You will be so good as to advise me immediately you receive any further information in regard to the above vessel.

I am, Dear Sirs,

Yours faithfully,

Secretary.

The Surveyors,  
BORDEAUX.
