The Special Survey No. 3 of this trawler became due in October 1916, and has been partly held.

Action has been deferred by the Classing Committee from time to time, and the Grimsby Surveyors now state that they are informed by the Owners that they are not in a position to carry out any repairs to the vessel, and wish to have her withdrawn from class. On their being able to put the vessel in good order at some future date, they will be glad to have the class reinstated.

In the circumstances, the Classing Committee, who had the case before them on Tuesday, 5th instant, decided to expunge the class with a red line (7.21), indicating non-compliance with the Society's Rules, and the Owners have been informed accordingly.
