Dear Sirs:-

On account of the extra expenses incurred by us on account of carrying double classification for our vessels, we regret to advise you that it has become necessary for us to drop one of the classification societies in order that we may save this extra expense.

Accordingly, please be advised that we have decided to discontinue the Lloyd's classification for our SS "ROBIN ADAIR" and "ROBIN HOOD" and will retain the American Bureau classification.

In due course you will receive similar notification from the Robin Line Steamship Company in connection with the SS "ROBIN GOODFELLOW" and "ROBIN GRAY".

Yours very truly,
