C. B. Nelson, Esq.,
Manila.

Dear Mr. Nelson:-

Just a line to let you know I arrived here at
1 A.M. of the 30th after a good weather run up, notwith-
standing wireless reports of Typhoons all round us.
The following extract from Owner's letter may interest you.

"Mr. Renny had the ship examined by Lloyd's
Surveyor at Leith, and every plate in the
ship was bored and found to be the requisite
thickness to pass No.3 Survey."

I think you will agree with me that the above
is a pure invention, to use no harsher a term, of course
I shall deal with this on my return.

With best regards and thanking you for your very
able assistance at Manila.

Yours truly,

(SGD) A. D. McPHAIL

My London Address is

84 Swinburne Rd.,
Putney,
London, S. W. 15.

This in anticipation of
possible further corres-
pondence.
