

La

~~D. H. Bottom~~

K O B E

December 10th. 1923

This is to Certify that

S. Innes Preston

the undersigned Surveyor to this

Society did at the request of

Messrs. Samuel, Samuel & Co., Agents, for the Owners survey the Bottom of the steel Screw Steamer "Capelhall" . 2174 gross tons of Dundee, as she lay in Mitsubishi Co's Floating Dock Kobe on the 9th. December 1923 on the occasion of the contemplated sale of the vessel, and found the bottom and outside parts under the load water line in good condition, fair wear and tear excepted.

S. Innes Preston

Surveyor to Lloyd's Register.

This is a Survey also been held on the premises of ...
