-----  
The Fourth Special Survey No.1 became due in  
June last.

The Owner recently wrote that the vessel was  
being used as a coal hulk, and he now states he does not  
desire to maintain her classification with this Society.

In the circumstances, the Classing Committee,  
who had the case before them on Friday, 1st September,  
decided to give instructions for the vessel's class to  
be withdrawn from the Register Book and three dots (...) <sup>9.39</sup>  
inserted in lieu thereof, indicating withdrawal of class  
at Owner's request.

  
6th September, 1939.
