from the Ministry of War Transport, LONDON.W.1.

Reference No.M.T.9430, dated 1st. April, 1944.

Dear Sirs,

"EMPIRE LIDDELL".

We have received information from our representative at Lagos that Lloyd's Agent at that port has forwarded to Lloyd's, London, Survey Reports following the completion of reconditioning.

He is enquiring in view of the necessity of getting the vessel into service as soon as possible, as to who will issue Load Line Certificate and what temporary classification has been granted. Will you kindly take these questions up with Lloyd's, and cable the result of your enquiries to your Agents at Lagos.

Yours faithfully,

(Signed) H.E.Roberts.

For the Director of Ship Management.
