QUESTION.

ANSWER.

I shall be glad to learn whether it is intended to maintain the classification of this vessel, and, if so, what arrangements are proposed to be made for the completion of the 2nd Special Survey No. 2 and carrying out of the Boiler Survey, which became due at the end of August last.

The Waterman Steamship Agency Ltd, Operators of the above named vessel for the U.S. Maritime Commission, inform me that her classification was changed over to the American Bureau of Shipping at her last repair period, and there would appear to be no alternative but for the Committee to take appropriate action to withdraw her class in Lloyd's Register.
