The Special Survey No.2 became due in January, 1921.

The vessel was seen in dry dock at Antwerp in December last, when a proposal to complete the survey early in March last was agreed to by the Classing Committee, subject to this arrangement being adhered to.

The Antwerp Surveyors now state that they have approached the Owner every time the steamer has come near Antwerp, but he now declines to give a definite date for the completion of the survey, his excuse being that he cannot at present afford to lay the vessel off for this purpose.

In the circumstances the Classing Committee, who had the case before them on Wednesday, 19th instant, decided to expunge the vessel's class from the Register Book with a red line (), indicating non-compliance with the Society's Rules.

20th April, 1922.
