LLOYD'S REGISTER OF SHIPPING,
MARSEILLES.

7th October, 1946.

Dear Sir,

The Societe Anonyme Ossude, Toulon, expect to lift and repair their Hopper Barge "ANDROMEDE II" within the next day or two and at a later date, the sister ship "ANDROMEDE I", both of which have been very badly damaged by demolition charges.

They find however that the only plans in their possession are the General Arrangement and Midship Section and they would be most grateful if you would forward photographic copies of any other plans you may have in the Office Records.

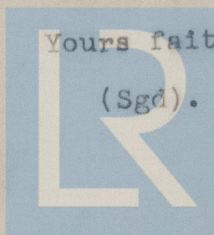

I would explain that they have already been in touch with the builders, who, unfortunately, are not in a position to supply fresh copies on account of their records being destroyed during the War.

I may say that the Owners are very good friends of ours and I would like to assist them in every way I can.

Yours faithfully,

(Sgd).

The Secretary,
LONDON.
