ALL VESSELS ... allowance for deck crections ... where the sheer drops ...
 ships the height of the R.Q.D. is to be taken from the level of the top of the amidship beam.
 In flush-decked vessels the total standard mean sheer means the sheer measured at the stem and stern-
 ... it means the sheer measured at points distant

The surveyor should state whether ...
 line of keel or to the water line. If measured relative
 survey, and also the usual load draft forward and aft
