21st June, 1926.

Dear Sir,

S. With reference to Greenock report No. 18567
on the machinery and boilers of the new steamer
"GARSTONIA", I shall be glad if you will kindly ascertain
from the Surveyors and let me know whether they are correct
in reporting that the pressure to which the safety valves
were adjusted is 287lb., as this would appear to be an
error.

I am, Dear Sir,
Yours faithfully,

Clerk to the Classification
Committee.

The Secretary,
GLASGOW.
