REGISTER,
LONDON.JULY 24 1918
Enclosure.

24th July 1918.

Dear Sir,

With reference to your letter of the 18th inst., we beg to return herewith Grimsby Report No. 10659 on two Yarrow watertube boilers made by Messrs. Ruston Proctor & Co. Ltd., for the Twin Screw Minesweeper, Messrs. Charles Rennoldson & Co's No. 199. We have to state that the fitting of the engines and boilers on board of the vessel in question is being carried out under the supervision of the Surveyors to the British Corporation, in view of the fact that a set of engines built under the survey of that Society has been transferred to the vessel. Please see also your letter of the 12th inst. on this subject.

We are, Dear Sir,

Yours faithfully,

pro SURVEYORS.

The Secretary,

LONDON.
