

S.S. "WAR STIKINE".

I telephoned to Mr. Garrett of Mr. Chisholm's Department, Ministry of Shipping, and informed him of the reply of the Grimsby Surveyors. Mr. Garrett stated that this vessel was drydocked some little time ago and that subsequently a would-be purchaser asked that she might again be placed in dry dock for examination.

The purchaser stated, however, he would be satisfied with the report of the Society's Surveyor as to the condition of the boat as ascertained at the dry docking, and Mr. Garrett said he would be glad if we would wire to Grimsby and ask the Surveyors to forward this information by telegram.
