# Lloyd's Register of Shipping,

71, Fenchurch Street, E.C. 3.

16th March, 1921.

Dear Sir,

I have to confirm my cablegram to you yesterday as follows, viz:-

GOLDENFELS = Vessel's name  
VAKEV = forward to this Office  
YCTUZ = what fees should be charged in this case  
VEWZA = in your opinion  
YCZEB = do not apply for a fee in this case  
VLACO = until  
VEPJU = approved.

It is observed that in the case of the Steamer "CROSTAFELS" which has been under your survey with a view to re-classification in the Society's Register Book, you have charged fees amounting to a total of £56, viz:- £30 for the Hull and £26 for the Machinery, and I have to explain that had the survey of this vessel taken place in the United Kingdom the amount charged for the survey and re-classification would have been not less than £75, excluding travelling expenses.

In all cases of the kind, it is the practice for the local Surveyors to forward to this Office a statement showing the number of visits paid and the extent of the work done, after which they are advised of the amount which it is considered should be charged, and it will be convenient if you will follow this practice in future cases, and render

an amended account in the present instance if you consider this practicable.

I am, Dear Sir,

Yours faithfully,

Assistant to the Secretary.

Geo. Dykes, Esq.,

HAMBURG.
