The Boiler Survey became due on this vessel in
July, 1918.

The Secretary to the American Committee stated in
June last that he had been informed by the Owners that the
vessel was classed in the American Bureau of Shipping as well
as with this Society, and that it had been decided to retain
the American Bureau class only, and he now forwards a letter
from the Owners confirming this decision.

The case received the consideration of the
American Committee on the 22nd ultimo, when it was decided to
withdraw the vessel's class and to insert three dots (...).
