

WOKINGHAM COPY.

Ministry of War Transport,
Berkeley Square House,
Berkeley Square,
LONDON, W.1.

7th March, 1945.

Gentlemen,

"EDITH" "ELSIE" and "HOOKE".

Referring to previous discussions concerning the outstanding surveys for the above mentioned lighters, I have now to inform you that the release arrangements did not materialise and the barges have been retained on balloon barrage service although transferred to another port.

For the present therefore, it is not possible to arrange for surveys for maintenance of class owing to the exigencies of the service.

I am, Gentlemen,
Lloyd's Register of Shipping, Your obedient servant,

Rich Close,

Wokingham,
Berks.

for Director of Sea Transport.
