The First Special Survey No. 1 became due in
October last.

In a letter, dated 23rd December, 1920, the Nantes
Surveyors stated that all vessels owned by this Company and
built in the United Kingdom under the Society's Special Survey
are transferred to the Bureau Veritas on arrival in France
for registry.

In the circumstances the Classing Committee, who
had the case before them on Tuesday, 20th instant, decided to
give instructions for the class of this vessel to be withdrawn
from the Society's Register Book and three dots (...) inserted
in lieu thereof, indicating withdrawal of class at Owners'
request.
