19th April, 1912.

Gentlemen,

I have to acquaint that it appears from a first entry report received from the Society's Surveyors at Dundee that the S.S. "LIBRA" recently built by the Dundee Shipbuilding Co. is proceeding to your port where the machinery will be fitted.

In order to complete the survey the engine and boiler casings require to be riveted up and the deck in way of same to be completed, and I shall be glad if you will give the case the necessary attention and on completion of the work forward a report on form 8 for the information of the Committee with a view to the classification of the vessel.

I am, Gentlemen,

Your obedient servant,

Secretary.

The Surveyors,

SUNDERLAND.
