Portion of Survey held, &c.

The survey for 1st Entry on the machinery of this vessel was completed at Sunderland in May last with the exception of the setting of the main boiler valves which at the time had not worked satisfactorily & under these circumstances action with regard to the classification was deferred.

A report has now been received from the Grimsby Surveyors who state that the safety valves have now been renewed & found satisfactory under steam.

It is submitted that
this vessel is eligible for
