

Wood 5 Mst Bkn. "FOREST FRIEND"

It is submitted the Adelaide Surveyor should be requested to furnish this Office with the name and address of the new Owners of this vessel, and at the same time inform them that a Special Survey equal to a Half Time Survey is due and ascertain what arrangements they propose making to have this inspection held.

It is also submitted that the Surveyor should be authorized to hold the survey in the event of the Owners desiring to carry it out in his district. The Surveyor's special attention should be drawn to the instructions contained in Circular No. 1432, a copy of which should be sent him, and he should arrange for an independent wood expert to join him in the survey.
