

Messrs. Ili Mipliardi's nos.

A letter has been received from Mr Rowntree stating that in consequence of alterations made to the deck houses, the equipment has been brought into a higher grade than that originally anticipated. The surgeon points out that the lower grade equipment has been ordered, and asks whether, in view of the new number being only a little in excess of that corresponding to the lower grade, the equipment of anchors & chain cable could be accepted as ordered.

It is submitted the Grace Surveyors be requested to forward a sketch shewing how the equipment number is determined, on the receipt of which the case will receive prompt attention. The Surveyors should also be requested to state whether the anchors & chain cables have been delivered.

Dr. 11. 10. 20
Ans^d 18th.
