The Principal Surveyor,
Lloyd's Office,
Hull.

Steam-Trawler "ISLAND" of Copenhagen.

Dear Sir,

Referring to above named trawler, repairing in Hull under your inspection between the 9th and 19th of march this year, we would appreciate highly to get a declaration about the repairs, which the vessel underwent. The vessel has formerly been classed in Lloyds, but is now in "Svenska Partysinspektionen". Her previous name was "Ocean Queen".

If possible, we would also be pleased to know, if the vessel will need another overhaul, if we should let her enter Lloyd's Register of Shipping.

Hoping to hear from you as soon as possible, we remain,
Dear Sir,

Yours truly
