25th February, 1924.

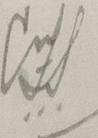

Dear Sirs,

With reference to the 2nd Special Survey No.1 which became due in July last on the steam trawler "OCEAN QUEEN" which appears to be now the property of Messrs. Haller & Odenberg, I have to acquaint you this vessel has been lying up for some time past in the Grimsby district and I am now informed by the Surveyors at that port that this vessel left for Sweden on the 17th ultimo. In the circumstances I shall be glad if you will ascertain and let me know, for the information of the Committee, what arrangements the new owners have made with a view to the Special Survey in question being held, particularly as regards the boiler.

I may add that the vessel retains her class subject to repairs being carried out to some indented topside plating and stem bar at a convenient opportunity and to the stern bush being rewooded before the vessel again proceeds to sea.

I am, Dear Sirs,  
Yours faithfully,

Assistant to the Secretary.

  
GOTHENBURG .
