The Second Special Survey No. 1, which became due on this Trawler in December 1923 has been partly held, and a proposal to complete the survey in the spring of 1925 was agreed to by the Classing Committee in November last.

The Grimsby Surveyors now state, in reply to further inquiry, that they are informed by the Owners that on account of reasons of economy they are compelled to discontinue the classification of this vessel in the Society's Register Book.

The case received the consideration of the Classing Committee on Friday, the 31st ultimo, when it was decided to give instructions for the vessel's class to be withdrawn from the Register Book, and three dots (...) inserted in lieu, indicating withdrawal of class at Owners' request.
