803-4 YORKSHIRE BLDG.

VANCOUVER, B. C. August 17, 1923.

The Secretary,

London.

INITIAL "S"

"MOTOR PRINCESS"

Dear Sir:-

Herewith I acknowledge your letter of the 13th. ultimo, enclosing Classification Certificate on the above vessel. I may state that these have now been forwarded to the Owners, the fees having been paid and deposited in the bank to the Society's credit on 21st. June, the donkey boiler certificate has also been forwarded to the Owners, the fees in connection with same also having been paid, and deposited to the Society's credit on the 15th. instant.

In reply to your enquiry as to how the frames are bolted, I may state that the frames are bolted above the keel with 8 - 1" diameter galvanized screw bolts, at the bilge with 4 - 1" diameter galvanized screw bolts, and to the deck beams with 2 - 7/8" diameter galvanized screw bolts.

The spare gear required by the Rules for the auxiliaries has been placed on board the vessel.

I note the class which has been assigned to the vessel, and that same is subject to stream anchor and stream chain or equivalent steel wire being supplied, and to the chain cables being tested at a machine approved by the Committee. I beg to state that I have no definite statement from the Owners but I understand from a verbal conversation with the Owners representative that a stream anchor, and chain or wire will be placed upon the vessel.

I am, Dear Sir,

Yours faithfully,

*Ernest Caward*
