The remarks of the Chief Ship Surveyor are desired on this case for the consideration of the Classing Committee.

("The endorsement to contain a succinct summary of any repairs that have been required and to show the cause or causes of such repairs, and also to bring out clearly any exceptional features in connection with the case, so that the Classing Committee may have all the salient points presented in the endorsement."—Extract from Sub-Committee's Report, 24/5/92.)

Nature of Survey

First entry

It is submitted that before this case comes the consideration of the Committee, the Hull Surveyors should be informed that this vessel has proceeded to their port where her machinery is to be fitted & in order to complete the survey on the Hull, the casings, decks & tunnel require to be worked up & the tunnel & deck to be tested & the steam steering gear to be fitted complete. They should be requested to give the case the necessary attention & on completion of the work to forward a report on form 8 with a view to the classification of the vessel.
