Lloyd's Register,
K o b e.

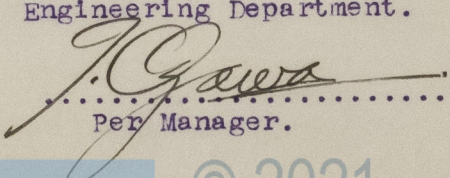

s. s. " ATLAS MARU "

Dear Sir:-

We beg to request you that you would kindly furnish us with the Freeboard Certificate for the above steamer. It seems that the provisional Certificate was issued at the time of her construction at Nagasaki, and ever since the formal one has not supplied, though we are not quite certain about it. At any rate the Master of the ship reported that there was no trace of it given. So please be kind enough to issue the same at your earliest convenience and oblige.

Yours faithfully,

Marine Superintending &
Engineering Department.

.....
Per Manager.
