

NARD S

S. S. "SORKA"

The Owners desire the date of build of this vessel to be reconsidered (see endorsement dated 26/11/20).

From inquiries made of the Christiania Surveyor, it appears that she was launched on 9th February, 1917, and while waiting for her machinery, was placed on the slip, cleaned and painted on the 10th September 1917, 9th August 1918, 20th June 1919, and 26th August, 1919. On this latter date for fixing the propeller only, the painting at that time being in good condition.

As the vessel was last in dry dock in 1919, it is submitted that August 1919 might be considered as the date of build.
