Dear Sir,

"SORKA".

We have to thank you for your letter of yesterday in reply to our's of the 7th inst.. We very much regret that this was sent to you as the result of a typographical error: it was intended for the Registrar General of Shipping. We are, of course, aware that the measurement of tonnage and certification of draft marks are necessary for registration under the provisions of the M.S.A. but we hoped that the Board of Trade would in the circumstances accept the measurements certified by the Norwegian Sjöfarts-Kontrol and calculate the tonnage in accordance with them.

Please accept our apologies for troubling you unnecessarily in this matter.

Yours truly

Chr. Salvesen
