71, Fenchurch Street, E.C. 3.

ENCLOSURES.

23rd September, 1935.

Dear Sirs,

With reference to previous correspondence which has taken place between us relative to the steamer "GUN 7" and to the 2nd Special Survey No.1, which, in accordance with the Society's Rules, became due so long ago as August 1934, I beg to acquaint you I am in receipt of a communication from the Society's Surveyors at Oslo, in which they state they have been informed by the Owners that the ship is at present in the Congo and is expected to arrive at Walvis Bay the middle of October. The Owners further state that if the vessel is not laid up the Special Survey in question will be held at Walvis Bay before she is again placed in commission.

In the circumstances the Committee will authorise you to appoint a competent and independent Surveyor to carry out the 2nd Special Survey No.1 of this vessel in this instance, and I shall be obliged if you will kindly attend to this matter upon your receiving a request from the Owners, or their Representatives, to do so.

In view of the age of the vessel, the special survey in question should be of a stringent nature, and all

"GUN 7".

repairs should be carried out to the Surveyor's entire satisfaction. For the information of the Surveyor in carrying out the inspection sample reports are enclosed herewith, together with forms on which the survey should be reported to this Office.

I may say that all fees and expenses incurred in connexion with the carrying out of the above Special Survey must be paid by the Owners or their Representatives, and should accordingly be charged by you to them. I have further to add that the fee for this survey in the United Kingdom as regards the hull would be £6.5.0, in addition to any travelling expenses incurred, and it is thought that the above figure might be used as a basis in determining the fees you propose to charge.

I am, Dear Sirs,

Yours faithfully,

Clerk to the  
Classification Committee.
