Authorization

Guidance in fees (see memo 10.32)

It is submitted Lloyd's Agents at Walvis Bay be authorized to appoint a competent and independent Surveyor to carry out the above survey.

In view of the age of the vessel the survey should be of a stringent nature, and all repairs should be carried out to the Surveyor's entire satisfaction.

Lloyd's Agents might also be informed that the fee for this survey in the U.K. as regards the hull would be £6.5.0, in addition to any travelling expenses incurred, and it is thought that the above figure might be used as a basis in determining the fees they propose to charge.
