

Lloyd's Register of Shipping

Stm. Tlr. "JELOY" EX "SHIANT".

This Trawler was built under survey for the Admiralty in November 1941 and was classed "100 A- Steam Trawler For Government Service." Particulars were recorded in the "Ghost Book" in accordance with the usual practice.

Correspondence has lately taken place between this Office and the Bergen Surveyor to the effect that the vessel has been transferred to Norwegian Owners, who have now decided to **Class** her with Norske Veritas.

IT IS SUBMITTED that particulars of the vessel's Class be omitted from the "Ghost Book" and that she should be inserted in the Register Book as an **Dischased** Vessel.

30.4.47.
