The Secretary,

Lloyd's Register of Shipping,

London.

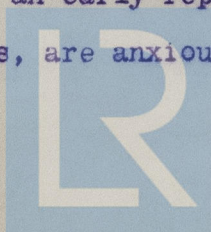

Dear Sir,

With reference to the S.S. "ODINN", Kjøbenhavns Flydedok og Skibsværft's Yard No. 179, we have been informed by the Builders that it is their intention to increase the length of the ship by 13'-1½", and have to-day per commercial papers' post forwarded for approval a plan showing the proposed arrangements for this alteration.

The parts shown as shaded on the plan signify new work to be done.

Please note that the main scantlings of the vessel were increased 10% and the equipment 20%, after the plans were approved by the Committee.

The Builders request an early reply, as the Government of Iceland, who are the owners, are anxious to have the vessel
